**Notice regarding Cancellation of Treasury Stock
(Cancellation of Treasury Stock based on Article 178 of the Companies Act of Japan)**

TIS Inc. (hereafter, "TIS" and "the Company") hereby announces that the Board of Directors decided at its meeting today on matters related to the cancellation of treasury stock, based on Article 178 of the Companies Act. Details are provided below.

Details

1. Reason for implementing cancellation of treasury stock

In principle, treasury stock held by the Company is limited to 5% of the total number of issued shares, and any amount in excess of 5% is cancelled. A treasury stock buyback implemented in fiscal 2026 totaled about ¥42.0 billion. Of this amount, treasury stock acquired from a return-to-shareholder perspective (equivalent to ¥7.0 billion) will be treated in line with the aforementioned policy.

However, for treasury stock (equivalent to ¥35.0 billion) acquired as part of efforts to optimize capital structure, management always planned to cancel this portion, having considered such factors as corporate policy and the need to eliminate concerns about future stock dilution. Management will thus move ahead with cancellation of this amount as scheduled.
