Securities Code: 3626

<https://www.tis.com/>

The corporate governance of TIS Inc. (hereafter, “TIS” and “the Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

TIS will constantly strive to achieve the highest level of corporate governance and will work to maintain and further enhance its approaches to corporate governance. Management believes that the key to good corporate governance is to ensure transparency and fairness in decision-making processes, make full and effective use of management resources, and raise the integrity of management practices through swift and accurate assessment of situations, from the viewpoint of promoting sustainable corporate growth and boosting medium- and long-term corporate value. Accordingly, management at the Company is committed to upholding good corporate governance in line with the following basic principles.

1. To respect the rights of shareholders and to ensure equality.
2. To consider the interests of stakeholders, including shareholders, and work with stakeholders in an appropriate manner to achieve stated goals.
3. To disclose corporate information appropriately and ensure transparency.
4. To engage in constructive dialogue with shareholders based on a medium- to long-term investment perspective.

Note that management has laid out basic views on corporate governance for TIS under Basic Policy on Corporate Governance, and the Company discloses the content of this policy on its website.

<https://www.tis.com/ir/policy/governance/>

Reasons for Non-compliance with the Principles of the Corporate Governance Code

TIS complies with all principles of the Corporate Governance Code.

Disclosure Based on the Principles of the Corporate Governance Code

Principle 1-4 Cross-Shareholdings

(1) Policies for cross-holdings of shares

In accordance with the basic corporate governance policies set by the Company, the Company works to reduce domestic listed shares as much as possible by positioning it as a priority issue. On the other hand, only if it is judged that it will contribute to the sustainable growth of the Group as well as the enhancement of its medium- to long-term corporate value, shares of companies including start-up and venture companies may be strategically held. Specifically, in order to proactively promote business deployment focusing on the social issues to be resolved, which the Company has selected to contribute to the realization of a sustainable society, including “financial inclusion,” “concentration in cities/decline in rural areas” and “health issues,” collaboration and co-creation activity with those companies and stable alliance and cooperative relationships may be essential for continuous creation of business opportunities and utilization of technologies. We position share holdings for that case as an investment that meets the growth strategy of the Group, and define them as “strategically held shares.”

Upon verifying the rationality of continuing to hold shares, we classify shares held into the following three categories and set a verification method for each of them.

Capital alliance partners

After making an investment, the Company will continue to hold the shares for a certain period of time determined by the Company as a period to establish the foundation of the strategic alliance.

After a certain period of time has passed, we will verify to check the progress status of the collaborative business and to see whether or not there are ongoing transactions through qualitative evaluation. As a result of the verification, if it is judged that there is little significance in holding them, listed shares will be sold based on the market conditions, etc. and unlisted shares will be sold as soon as a buyer is found in consultation with the issuer.

Customers

We will calculate the percentage of the total amount of the business-related revenue and dividends from each issuer and its affiliated companies against the amount of shares of each stock held as cross-shareholdings, which is recorded on the balance sheet to check to see whether or not it exceeds 10%. As a result of the verification, also considering the qualitative evaluation such as future transaction prospects, if it is judged that there is little significance in holding them, listed shares will be sold based on the market conditions, etc. and unlisted shares will be sold as soon as a buyer is found in consultation with the issuer.

Others(what does not fall under the above categories)

We will check to see whether or not the scale of business transactions with each issuer in the previous fiscal year increased by 5% or more compared with the average of the past three years. As a result of the verification, if it is judged that there is little significance in holding them, listed shares will be sold based on the market conditions, etc. and unlisted shares will be sold as soon as a buyer is found in consultation with the issuer unless it interferes with securing human resources and technology in business operations.

Also, while proceeding with reduction in line with the above-mentioned policies and concepts, we aim to lower the percentage of the amount of the cross-shareholding shares recorded on the balance sheet against the consolidated net assets to the 10% level. To achieve this goal, we reduced 17 issues of shares held for cross-holdings including 14 issues sold in full. Due to fluctuations in the market value in the stock market in addition to the above-mentioned reduction, the amount recorded on the balance sheet for the fiscal year ended March 31, 2023 decreased by 26.7 billion yen to 27.6 billion yen. As a result, the above-mentioned percentage in the fiscal year ended March 31, 2023, is 8.9% (down 9.0 percentage points year on year), and the percentage excluding strategically held shares is 4.0%.

(2) Criteria for exercising voting rights for cross-shareholdings

We will exercise voting rights for listed shares held properly after comprehensively judging whether or not it will contribute to the sustainable growth of the Group and the investees as well as the enhancement of their medium- to long-term corporate value among others also while considering the proxy advisory policies of proxy advisory firms.

(3) Number of issues held by the Company for purposes other than portfolio investment and total amounts recorded on the balance sheet

Category	Fiscal 2022, ended March 31, 2022	Fiscal 2023, ended March 31, 2023
Number of issues	85 issues	74 issues
(of which) Strategic shareholdings	52 issues	50 issues
Cross-shareholdings	33 issues	24 issues
Total balance-sheet amount	54,359 million yen	27,628 million yen
(of which) Strategic shareholdings	18,946 million yen	15,185 million yen
Cross-shareholdings	35,413 million yen	12,443 million yen

(Note) During the fiscal year ended March 31, 2023, for the purpose of strategic collaboration to promote open innovation, etc., we newly acquired shares of three capital alliance partner companies including a venture company (301 million yen).

(Supplementary Principles 1-4-1, 1-4-2 Relationships with strategic shareholders (those who hold a company's shares for the purpose of cross-shareholding))

When strategic shareholders, that is, cross-shareholders, of TIS indicate that they intend to sell Company shares, TIS responds appropriately and in such a way so as not to hinder the sale. In addition, the Company will not execute transactions with strategic shareholders if such transactions lack an economic rationale.

(Principle 1-7 Related Party Transactions)

Board of Directors' Approval on Related Party Transactions

In the event of competing transactions or conflict-of-interest transactions between the Company and its directors, subsidiaries or other related parties, prior approval by the Board of Directors will be required to ensure that such transactions do not harm the Company or the common interests of shareholders. In the event a director finds

him/herself in a conflict-of-interest situation, he/she will inform the Board of Directors immediately and obtain approval from the Board of Directors before proceeding with the transaction.

Disclosing Related Party Transactions

Details on related party transactions are provided to the Board of Directors on a regular basis, with a summary included in notes to consolidated financial statements in the *Yuka Shoken Hokokusho* (annual securities report filed in Japanese by companies listed in Japan) as well as in notes to non-consolidated financial statements presented in notices of convocation for General Shareholders Meetings, in accordance with provisions set forth under related laws and regulations.

(Supplementary Principle 2-4-1 : Ensuring Diversity in Promotion to Core Human Resources, Etc.)

Views on ensuring diversity In our changing society, characterized by a declining workforce and an increasingly fluid labor market, we believe it is important to have highly skilled IT professionals and experienced human resources. By creating an environment in which diverse human resources can shape their own careers and create new value with high levels of vitality and engagement, we will maintain and expand the Group's competitiveness and enhance its overall ability to resolve social issues. We are committed to fostering a corporate culture in which our people can play an active role regardless of any differences in gender, nationality, career and experience, ability/disability, age, sexual orientation, gender identity, values, work styles, and the like. To this end, we will actively promote, train, and develop systems and build an infrastructure in which people with diverse personalities can utilize the diversity of their opinions to create new value.

Status of ensuring diversity and voluntary and measurable goals

(1) Promotion of women to core human resources

Each of Group companies formulates Action Plan to Promote Women's Participation, taking its issues into consideration, and promotes the promotion of women to core human resources.

TIS has set goals of raising percentage of female employees in management positions from 10.8% to 12.8% and female director ratio from 6.5% to 9.0% toward April 2024, and will continue to develop related programs and environment and promote the development and promotion of high-quality human resources who will support and lead its business.

(2) Promotion of foreign nationals to core human resources

The Group is making efforts to strengthen the base of human resources with global perspective in response to increased globalization of its business activities. Such efforts include promotion of one foreign national to the position of executive officer at TIS. The TIS INTEC Group has expanded its global operations through active M&As and capital/business alliances in recent years, and currently has an office network exceeding 100 companies in ten countries and a workforce of more than 4,000 people (both figures are total of overseas subsidiaries and affiliates accounted for using the equity method). We believe that management and development of operations should be autonomously led by local nationals to take root in each local company based on the nature of the Group's global operations. As such, local nationals have been assigned to most of the positions of top management and managers who play a central role in business operations, and such assignments will be

continued toward further business expansion. Under such a situation, we consider it is unnecessary to set voluntary and measurable goals for this subject at this time.

(3) Promotion of midcareer hires to core human resources

Each of Group companies plans midcareer hiring, taking its human resource needs into consideration.

TIS strengthens the recruitment and promotion to core human resources for realizing the business portfolio under the medium-term management plan and accelerating the structural transformation of its business.

The Company has calculated the planned number of midcareer hires based on the targeted number of core human resources expected to be necessary as of the end of the fiscal 2024, ending March 31, 2024, and set a challenge of midcareer hires ratio in management positions from 29.1% to a maximum of 34% in March 2024. The goal will be reset year by year based on the re-evaluation of human resource portfolio plan in conjunction with the business plan and the actual number of midcareer hires.

Policy on human resource development for ensuring diversity

To build a comfortable working environment where diverse human resources actively participate with motivation, the Group will promote the sophistication of organizational management. In addition, the Group will make active investments in education and develop programs to support growth of its employees so that they can learn from various experiences.

Policy on internal environmental improvement for ensuring diversity

Focusing on differences in working mindset, living environment and operational environment of its employees, the Group strives to build a working environment where diverse human resources can fully exercise their capabilities as self-disciplined professionals. The Group will promote the workstyle reform and improve the environment for flexible workstyle, including the office, infrastructure, and human resource system and rules corresponding to “diverse needs for working”.

The Group’s initiatives for ensuring diversity are described on “Corporate Sustainability Initiatives” page in the corporate website.

<https://www.tis.com/group/sustainability/social/>

(Principle 2-6 Roles of Corporate Pension Funds as Asset Owners)

TIS established a defined contribution pension plan to facilitate stable asset formation for employees, carefully undertakes the selection of asset managers and investment products appropriate to this plan, and creates opportunities for employees to learn about pension systems and operation.

TIS uses the reserves of a closed defined benefit plan—that is, a defined benefit plan that provides ongoing accruals but that have been amended to limit those accruals to some or all of the employees who participated in the plan on a specified date—for investment. Personnel with the necessary experience and qualifications are assigned to the Human Resources Department and the Finance and Accounting Department, which are responsible for putting these reserves to work, and efforts are made to upgrade the skills of personnel through education and training. The Company entrusts actual management and operation of funds to external asset managers, such as

trust banks, and the departments responsible for corporate pension fund investment monitor fund performance on a regular basis and make adjustments as appropriate.

(Principle 3-1(i) Company objectives (e.g., business principles), business strategies and business plans)

Business Principles

TIS describes its corporate philosophy—Our Philosophy (the TIS INTEC Group Management Philosophy)—on its corporate website.

<https://www.tis.com/group/philosophy/>

Group Vision

TIS describes its Group Vision 2026 on its corporate website.

<https://www.tis.com/group/vision/>

Business Plan

TIS describes its Medium-Term Management Plan (2021 - 2023) on its corporate website.

<https://www.tis.com/ir/policy/midtermpolicy/>

(Principle 3-1(ii) Basic views and guidelines on corporate governance)

TIS set out its Basic Policy on Corporate Governance, based on OR PHILOSOPHY (the TIS INTEC Group Management Philosophy) and the Group Vision, to realize a higher corporate value for the Group as a whole over the medium to long term. Efforts are continuously directed toward enhancing corporate governance practices.

(Principle 3-1(iii) Board policies and procedures in determining the remuneration of the senior management and directors)

1. Remuneration determination policies

In order to ensure objectivity and transparency of the remuneration determination process and further strengthen the corporate governance framework, the Company has set up an arbitrary remuneration committee consisting mainly of Independent External Directors as an advisory body to the Board of Directors.

Officers' remuneration is determined by the resolution of the Board of Directors after consulting and reporting to the Remuneration Committee with the basic policy of strengthening incentives to improve performance by implementing a remuneration system linked to the company performance indicators.

2. Remuneration structure for officers

The remuneration for Directors of the Company consists of the base remuneration, performance-linked remuneration and performance-linked stock remuneration as shown in the diagram below. If the company performance indicators set are achieved at the maximum level, the remuneration composition rate will be as follows: Base remuneration: Performance-linked remuneration: Performance-linked stock remuneration = 6:3:1.* The performance-linked stock remuneration system has been implemented since fiscal 2018 for the purpose of increasing awareness of the need to help improve medium- to long-term performance and increase corporate value

and sharing interests with shareholders for the Company's Directors, Executive Officers and executive fellows (excluding External Officers and part-time Directors and those who do not reside in Japan).

3. Remuneration structure for External Directors and Audit & Supervisory Board Members

The remuneration for External Directors consists of only base remuneration without performance-linked remuneration paid.

Also, remuneration for Audit & Supervisory Board Members is determined through discussions among Audit & Supervisory Board Members. Only base remuneration is paid without linking to performance from the perspective of ensuring a high degree of independence.

4. Others

a. When the performance-linked stock remuneration system was introduced, the Board of Directors resolved to stipulate activities that are not complying with the stock delivery regulations and a clause that makes it possible to request that a person who has violated returns the amount equivalent to the delivered shares, etc. and a clause that makes it possible to confiscate the awarded points.

b. We have a rule that Directors (excluding External Directors) shall uniformly acquire shares of the Company through the Officers' Stock Ownership Association based on the contribution calculated from the position and remuneration amount from the perspective of reflecting medium- to long-term performance and shall hold all of the acquired shares during their tenure of office for the purpose of sharing value with shareholders.

5. Process to determine officers' remuneration

a. Based on the medium-term management plan, evaluate the results including the status of achievement of the business plans drawn up at the beginning of the fiscal year at a performance evaluation meeting to be held in late May, every year.

b. At the performance evaluation meeting mentioned in a. above, the President and Representative Director evaluates officers.

c. Consult on the evaluation result of b. above and the amount of remuneration based on the evaluation result at the Remuneration Committee to be held in mid-June each year.

d. The Board of Directors shall resolve the amount of remuneration for officers, which has been mentioned to and discussed with the Remuneration Committee mentioned in c. above.

e. Pay the annual amount of officers' remuneration for officers, which has been resolved at the meeting of the Board of Directors as described in d. above, in monthly installments from July.

f. As for the level of the amount of officers' remuneration, we ask a third-party organization to conduct a survey on officers' remuneration to analyze trends of other companies from July each year.

g. We report the result of the officers' remuneration survey conducted by the third-party in f. above to the Remuneration Committee in November each year to inquire about a revision of the amount of officers' remuneration.

Performance-linked stock remuneration is calculated based on the stock delivery regulations, and there is no room for discretion of the Representative Director or the Remuneration Committee.

6. Activities of the Advisory Committee with respect to determination of officers' remuneration

A total of three Remuneration Committee meetings were held in the fiscal year ended March 31, 2023, to inquire about the validity of the remuneration of the Company based on comparative analysis between the officers' remuneration amount of the Company and the officers' remuneration of other companies, which had been made by the research company. The Board of Directors put a proposal on officers' remuneration on the agenda based on the result of the advice given by the relevant organization.

In addition to the consultation, two sessions of exchanging opinions on the theme of the way officers' remuneration as an incentive for officers ought to be were held to discuss the direction of revising the officers' remuneration that will contribute to the improvement of corporate value.

7. Method of calculating remuneration

1) Base remuneration

Paid based on the magnitude of the role and the scope of responsibility for each position.

2) Overview of calculation of performance-linked remuneration

We have decided to pay within a range of 0% to 50% of the performance evaluation coefficient specified for each position against the base remuneration amount in conjunction with the degree of achievement against the company performance indicators specified based on the annual management plans for each fiscal year.

The amount of payment is calculated by making organizational performance evaluation and individual performance evaluation each on a scale of five points for each officer for the performance-linked remuneration amount determined according to the company performance evaluation. (Organizational performance evaluation: personal performance evaluation = 3:7)

In the standard model for the allowance, in case that performance evaluation coefficient of the company is 30%, if the organizational performance evaluation/individual performance evaluation is AA, it will be 33%. Similarly, it will be 27% for BB, 20% for CC, 13% for DD, and 7% for EE.

3) Performance-linked stock remuneration

For performance-linked stock remuneration, "stock delivery regulations" were established upon introducing the system. Based on the degree of achievement against the company performance indicators of the management plans as stipulated in the regulations, points are to be awarded within a range of 0% to 15% of the base remuneration amount specified for each position, and shares are to be granted according to the points.

As for the reason for selecting the corporate performance indicators, in order to steadily realize the corporate value improvement expected by shareholders, we have set "consolidated operating income amount," "EPS" and "gross profit from service-type business" as financial indicators to pursue growth of business, and "job satisfaction," "customer/service satisfaction" and "business partner satisfaction" as non-financial indicators to pursue improvement of satisfaction of stakeholders with the Company.

(Principle 3-1(iv) Board policies and procedures for selecting/rejecting candidates in the nomination process for senior management positions, namely, directors and members of Audit & Supervisory Board)

In determining a list of candidates for the position of a director or a member of the Audit & Supervisory Board, the Board of Directors considers individuals with abundant experience, sharp insight and a high degree of specialization well-suited to the duties of a director or a member of the Audit & Supervisory Board, based on

selection criteria established by TIS. For director candidates, the Board of Directors takes recommendations from the Nomination Committee, which is chaired by an independent external director and comprises a number of directors, the majority of whom are independent external directors. This approach is intended to realize effective corporate governance and build a structure that supports sustained corporate growth and higher corporate value over the medium to long term, while reflecting broader perspectives on diversity, including gender, nationality beyond domestic borders, career and age. If a situation arises that requires a core member of the executive team to be removed from office, the Board of Directors will make a proposal for dismissal. The dismissal of a director will be undertaken in accordance with the Companies Act and other relevant rules and regulations.

(Principle 3-1(v) Explanations with respect to the individual appointments/dismissals and nominations based on iv)

For all candidates being nominated to the position of director or a member of the Audit & Supervisory Board, TIS provides reasons in each proposal for electing a named candidate that appears in the reference materials of the Notice of Convocation for the General Shareholders Meeting at which these candidates are put forward for approval by shareholders. TIS presented 10 candidates—nine directors and one Audit & Supervisory Board member—who were subsequently approved by shareholders at the 14th Annual General Meeting of Shareholders. They are introduced below. The reasons for electing four other individuals to the Audit & Supervisory Board are also presented below.

Directors

Toru Kuwano

After assuming the office of President and Representative Director of the Group company, Mr. Kuwano was appointed as a Director of the Company in June 2013 and President and Representative Director in June 2016. Since April 2021, he has assumed the office of Chairman and Director of the Company. He has a wealth of experience and knowledge about the Company's and its Group's business, as well as in business administration. Since April 2021, he has also assumed the position of Chairman and Director as a non-executive Director, in order to realize fair management supervision. He has promoted a stronger and more effective corporate governance structure and worked toward the sustainable growth and increase in the medium- to long-term corporate value of the Company. He is nominated as a candidate for Director since he is highly expected to continue to fulfill the duties of significant decision-making for the Company's Group as well as the administration and oversight of business management.

(15th Annual General Meeting of Shareholders)

Yasushi Okamoto

Mr. Okamoto served as Senior Managing Executive Officer and Division Manager of the planning and development department of industrial systems from July 2016, and as Director from June 2018, after having been engaged in corporate business in the corporate planning department of the Company for many years. He was appointed to the office of President and Representative Director in April 2021.

Based on these experiences, he is a person who can exert leadership to further promote the sustainable growth and increase in corporate value of the Group through the steady implementation of the current Medium-Term

Management Plan (2021-2023). He is nominated as a candidate for Director since he is highly expected to fulfill the duties of significant decision-making for the Group and oversight of business management.

(15th Annual General Meeting of Shareholders)

Josaku Yanai

Mr. Yanai was mainly engaged in the corporate section in the corporate planning department of the Company and its Group company for many years. He assumed the office of Executive Officer and Division Manager of corporate planning division of the Company in April 2011. He became a Director of the Company in June 2016 and a Representative Director in April 2021. He has a wealth of experience and knowledge about the business of the Company and its Group, as well as in business administration. Based on these experiences, he is nominated as a candidate for Director since he is highly expected to further promote the sustainable growth and increase in corporate value of the Group through the steady implementation of the current Medium-Term Management Plan (2021-2023) and fulfill the duties of significant decision-making for the Group and the administration and oversight of business management.

(15th Annual General Meeting of Shareholders)

Shinichi Horiguchi

Mr. Horiguchi has been engaged in finance / credit card business for many years, has been promoting corporate business operations at the Human Resources Department and Corporate Planning Department since April 2009, and has served as General Manager of the Financial Systems Planning and Development Department for financial systems as Managing Executive Officer of the Company since April 2017. Based on these experiences, he is nominated as a candidate for Director since he is highly expected to promote the current Medium-Term Management Plan (2021-2023), and fulfill the duties of significant decision-making for the Group and the oversight of business management.

(15th Annual General Meeting of Shareholders)

Takayuki Kitaoka

Mr. Kitaoka was engaged in business related to IT infrastructure of INTEC Inc., the Company's major subsidiary, and served in management administration of the Group companies at the Company for three years from April 2012. Furthermore, he has assumed the office of President and Representative Director of INTEC Inc. since April 2018 and the office of Director of the Company since June 2018. He is nominated as a candidate for Director since he is highly expected to continue to promote the duties of INTEC Inc. assigned by the current Medium-Term Management Plan (2021-2023) and to fulfill the duties of significant decision-making for the Group and the administration and oversight of business management, based on the above experiences and from the viewpoint of Group management.

(15th Annual General Meeting of Shareholders)

Shuzo Hikida

Mr. Hikida is engaged in business activity to create strategic informatization directly connected to business strategy of top-class companies in the industry at INTEC Inc., one of our major group companies, to establish the

revenue base of the network & outsourcing business operation and create new services. Also, he was appointed as director and executive vice president of the said company in April 2023. He is nominated as a candidate for Director since he is highly expected to promote the current Medium-Term Management Plan (2021-2023) at the said company to play a sufficient role in supervision of decision-making on significant matters and the oversight of execution of business management for the Group based on his experiences.

(15th Annual General Meeting of Shareholders)

Koichi Sano

Mr. Sano worked mainly in the finance and accounting departments, and served as Executive Vice President and Representative Director of Mitsui Chemicals, Inc., and has a wide range of experience and a wealth of expertise in corporate management.

Since assuming the office of External Director in June 2016, he has given advice and suggestions from an independent perspective to ensure that the decisions to be made by the Company's Board of Directors will be reasonable and appropriate by utilizing these experiences and expertise in the Company's business.

Since June 2022, he has acted as Chairperson of the Nomination and Remuneration Committees which are voluntary advisory bodies to the Board of Directors, and fulfils an important role in the deliberation and advice to the Board of Directors on the nomination and remuneration of directors etc. in response to the consultation of the Board of Directors. He is highly expected to be a person who will continue to contribute to the increase in corporate value and enhancement of corporate governance of the Company. Therefore, he is nominated as a candidate for External Director.

While the Company has business transactions with Mitsui Chemicals, Inc. ("MC"), which Mr. Sano belonged to until June 2015, MC's consolidated sales to the Company represent 0.3% and 0.6% of the Company's consolidated and non-consolidated sales, respectively. Because Mr. Sano satisfies the requirements of the "Criteria Concerning Independence of External Officers of the Company" and the proportion of sales is minimal, we have determined that his independence as an External Director is sufficiently secured. He assumed office as an External Director of the Company in June 2016 and shall have served seven (7) years at the conclusion of this Annual General Meeting of Shareholders.

(15th Annual General Meeting of Shareholders)

Fumio Tsuchiya

Mr. Tsuchiya previously worked in an important position in overseas offices and the Corporate Planning Department of Japan Airlines Co., Ltd. ("JAL"). After having assumed the office of Director of JAL in June 2004, he served as Managing Director and was thereafter appointed as President & CEO of JALCard, Inc. in June 2007, which is a group company of JAL. He has a wide range of experience and a wealth of expertise in corporate management.

Since assuming the office of External Director of the Company in June 2017, he has given advice and suggestions from an independent perspective by utilizing these experiences and expertise in the Company's business to ensure that the decisions to be made by the Company's Board of Directors will be reasonable and appropriate. He is nominated as a candidate for External Director as he is highly expected to be a person who will continue to contribute to the increase in corporate value and enhancement of the corporate governance of the Company.

While the Company has business transactions with JALCard, Inc. ("JALCard"), which Mr. Tsuchiya belonged to until June 2010, JALCard's consolidated sales to the Company represent 0.1% and 0.3% of the Company's consolidated and non-consolidated sales, respectively. Because Mr. Tsuchiya satisfies the requirements of the "Criteria Concerning Independence of External Officers of the Company" and the proportion of sales is minimal, we have determined that his independence as an External Director is sufficiently secured.

He assumed office as an External Director of the Company in June 2017 and shall have served six (6) years at the conclusion of this Annual General Meeting of Shareholders.

(15th Annual General Meeting of Shareholders)

Naoko Mizukoshi

Ms. Mizukoshi is a qualified lawyer and has a wealth of professional knowledge of, and experiences in, intellectual property, ICT and international transactions.

Since assuming the office of External Director of the Company in June 2018, she has given advice and suggestions from an independent perspective by utilizing these experiences and expertise in the Company's business to ensure that the decisions to be made by the Company's Board of Directors will be reasonable and appropriate. She is highly expected to be a person who will continue to contribute to the increase in corporate value and enhancement of the corporate governance of the Company.

She has not participated in corporate management but has expertise in corporate legal works. Therefore, she is nominated as a candidate for External Director since she could discharge duly the duties of External Director. There is no business relationship between the Company and Leftright Law & IP to which Ms. Mizukoshi currently belongs. She fulfils the "Criteria Concerning Independence of External Officers of the Company" and the Company believes that she has no conflict of interest with any shareholders.

Ms. Mizukoshi has been in office as an External Director of the Company since June 2018 and shall have served five (5) years at the conclusion of this Annual General Meeting of Shareholders.

(15th Annual General Meeting of Shareholders)

Audit & Supervisory Board Members

Tetsuya Asano

Mr. Asano has a wealth of expertise in finance and accounting as well as in corporate management, accumulated through many years of experience of working at financial institutions. He has been nominated as a candidate for Audit & Supervisory Board Member as he is expected to utilize his experience to discharge appropriately and properly the audit and supervisory duties in regard to the business execution of the Directors of the Company.

(12th Annual General Meeting of Shareholders)

Makoto Tsujimoto

Mr. Tsujimoto has abundant experience and knowledge of systems and center operations, which form the foundation of the service business of the Company. In addition, he has knowledge of corporate management as he has served as representative director of QUALICA Inc., a consolidated subsidiary of the Company, since April 2019. He is nominated as a candidate for Audit & Supervisory Board member because it is expected that he can perform accurate and fair monitoring and oversight functions for the Company's business contents and internal

audits as well as the execution of business by the directors of the Company by taking advantage of these experiences.

(15th Annual General Meeting of Shareholders)

Yukio Ono

Mr. Ono is a licensed certified public accountant. His expertise and knowledge in the field of finance and accounting are beneficial to the Company in strengthening the audit system of the Company. Although he has not participated in corporate management, he is nominated as a candidate for External Audit & Supervisory Board Member as he is considered to be able to appropriately perform the duties of External Audit & Supervisory Board Member as a result of the above credentials. Note that Mr. Ono was appointed as an outside auditor of TIS in June 2020 and that his term of office is three years, effective from the time that the 15th Annual General Meeting of Shareholders ended.

(12th Annual General Meeting of Shareholders)

Akiko Yamakawa

Ms. Yamakawa is a qualified lawyer. Based on his experience, such as being responsible for litigation at global corporations, she can be expected to provide appropriate monitoring and supervision of the global business execution of the Company. Although she has not participated in corporate management, she is nominated as a candidate for External Audit & Supervisory Board Member as she is considered to be able to appropriately perform the duties of External Audit & Supervisory Board Member as a result of the above credentials. Note that Ms. Yamakawa was appointed as an outside auditor of TIS in June 2020 and that her term of office is three years, effective from the time that the 15th Annual General Meeting of Shareholders ended.

(12th Annual General Meeting of Shareholders)

Hiroko Kudo

Ms. Kudo is highly knowledgeable in domestic and international finance and administration and holds a doctorate in public policy. She is also active globally as a university professor and researcher. Although Ms. Kudo has not participated in corporate management, she is nominated as a candidate for External Audit & Supervisory Board Member. Because management at TIS felt she would be able to suitably execute the duties of a committee member by drawing on the extensive experience and knowledge she has accumulated to date and thereby help TIS improve the value provided in DX services as a way to address social issues through business activities—highlighted in the TIS INTEC Group’s medium-term management plan—and deepen and expand global operations. Note that Ms. Kudo was appointed as an outside auditor of TIS in June 2022 and that her term of office is one year, effective from the time that the 15th Annual General Meeting of Shareholders ended.

(14th Annual General Meeting of Shareholders)

(Supplementary Principle 3-1-3 Sustainability Initiatives, Etc.)

TIS’s own sustainability initiatives

The Group strives to conduct sustainability management based on the TIS INTEC Group Philosophy, “OUR PHILOSOPHY”, and improve value exchange with its stakeholders by resolving social issues through business

activities and enhancing management in response to social needs with the aim of contributing to sustainable society and realizing sustainable enhancement of corporate value.

Details of the Group's sustainability initiatives are available for viewing on the TIS website.

<https://www.tis.com/group/sustainability/>

Investments in human capital and intellectual property

The TIS INTEC Group sees human capital (human resources) as its most prized management resource and source of sustainable creation of corporate value. Accordingly, the Group promotes personnel strategies focusing on diversification and innovation of individuals and actively invests in its personnel to realize continuous enhancement of value exchange between employees and company.

We also see its intangible assets, including intellectual property, as one of its important management resources for sustainable enhancement of corporate value in the increasingly uncertain environment. Aiming at growing its business and building competitive edge in long-term perspective, the Group continuously makes investments in software and R&D as well as strengthening of its brand power.

Details of initiatives for investments in human capital and intellectual property are available for viewing on the TIS website.

<https://www.tis.com/ir/policy/midtermpolicy/>

https://www.tis.com/ir/finance/annual_report/

<https://www.tis.com/group/sustainability/social/policy/index.html>

Impact of climate change-related risks and earning opportunities on business activities and profits

We acknowledge that climate change is one of the most critical social issues which threatens the global environment and could significantly affect the business activities and profits of the TIS INTEC Group. Based on this acknowledgement, the Group has voiced its support for the Task Force on Climate-Related Financial Disclosures (TCFD), collect and analyze necessary data, and disclose information in accordance with the TCFD recommendations on the TIS website.

<https://www.tis.com/group/sustainability/environment/tcfd/>

We are also working to reduce the greenhouse gas emissions linked to its business activities to help realize a decarbonized society. We are aiming to achieve carbon neutrality for our own greenhouse gas emissions by fiscal 2040, and realize net zero greenhouse gas emissions for the entire TIS value chain by fiscal 2050.

Details of the Group's environmental initiatives are available for viewing on the TIS website.

<https://www.tis.com/group/sustainability/environment/>

(Supplementary Principle 4-1-1 Scope of Delegation of Authority to Management)

TIS introduced an executive officer system to enhance the transparency of management- and business execution-related functions and responsibilities and to make decision-making faster and more efficient. The Company also established the Management Committee to discuss and decide on specific important matters related to

management that fall within the scope of authority delegated to the Board of Directors. Different levels of management are tasked with decisions on different issues, and the matters to be addressed as well as associated authority standards are defined in Rules for the Board of Directors, Rules for the Management Committee and Rules for Document Approval (*ringi kessai kitei*: rules for reaching a decision using a draft proposal prepared by someone in charge of the matter and circulated for collective deliberation and final approval by another executive group). This clarifies the extent of authority delegated according to position.

(Principle 4-8 Effective Use of Independent Directors)

TIS seeks to realize a higher level of fairness in the decisions and actions of the Board of Directors while also reinforcing corporate governance and does so by appointing three independent external directors—representing one-third of the Board of Directors—whose role is primarily to encourage active discussion at board meetings and ensure appropriate decision-making and supervision.

(Principle 4-9 Independence Standards and Qualification for Independent Directors)

TIS formulated Criteria Concerning Independence of External Directors, based on the requirements of the Companies Act as well as independence criteria established by the Tokyo Stock Exchange, and appoints independent external directors and independent external members of the Audit & Supervisory Board in accordance with these rules and regulations.

Criteria Concerning Independence of External Directors is available for viewing on the TIS website.

<https://www.tis.com/ir/policy/governance/>

(Supplementary Principle 4-10-1 Appropriate Involvement and Advice from Independent External Directors through Establishment of Independent Nomination Committee and Compensation Committee)

The independence of the Nomination Committee and Compensation Committee is secured because they are chaired by an independent external director and comprises a number of directors, the majority of whom are independent external directors.

The mandates and roles of the Nomination Committee and Compensation Committee are to provide recommendations on the selection of candidates to the position of director and the appropriateness of the process to decide policy on compensation for directors, etc. as an advisory body to the Board of Directors. The Board of Directors conducts deliberations based on their recommendations.

(Supplementary Principle 4-11(1) Thoughts on Composition of Board of Directors)

The Board of Directors shall comprise no more than 15 directors, at least one-third of whom shall be independent external directors. The Board of Directors recognizes its fiduciary responsibility toward shareholders, formulates management strategy and management plans, makes decisions on other important matters and supervises the execution of Company business in accordance with relevant laws, the Articles of Incorporation and rules of the Company, and bears a responsibility to ensure sustainable growth and higher corporate value over the medium to long term. Directors who sit on the Board of Directors shall, in accordance with selection criteria established by the Company, consider the candidacy of and ultimately nominate individuals who possess extensive experience, sharp insight and a high level of specialization well suited to the role of director, giving thought to gender,

nationality beyond domestic borders, career, age and other aspects of diversity and taking into account recommendations by the Nomination Committee, which comprises a number of executives, the majority of whom are independent external directors.

A skill matrix of directors and members of the Audit & Supervisory Board is presented in “Board of Directors Skills Matrix” at the end of this report.

(Supplementary Principle 4-11(2) Status of Directors and Members of the Audit & Supervisory Board with Concurrent Roles at Other Companies)

The status of directors and members of the Audit & Supervisory Board who hold concurrent executive posts at other listed companies is described in the business section of convocation notices for the annual general meetings of shareholders’.

(Supplementary Principle 4-11(3) Summary of Results from Analysis and Evaluation of Effectiveness of Board of Directors Overall)

TIS strives for the best corporate governance and works continuously to make improvements in that area. Since fiscal 2016, ended March 31, 2016, the Company has evaluated the effectiveness of the Board of Directors each fiscal year with the aim of identifying issues and areas for improvement and linking them to initiatives to improve the Board’s effectiveness. For the fiscal 2023 evaluation, all directors and Audit & Supervisory Board members were given a questionnaire to be submitted anonymously. The questionnaire asked them to conduct a comprehensive self-evaluation and self-analysis of the composition and operation of the Board of Directors. Individual interviews were also conducted, and the Board of Directors held discussions based on the results of those interviews. The method and results of the evaluation are described below.

1. Method of evaluation

TIS distributed a questionnaire regarding the effectiveness of the Board of Directors to all directors and members of the Audit & Supervisory Board members and obtained responses. In addition, personnel of its administrative office conducted an interviews with to all directors and members of the Audit & Supervisory Board members. The Company’s Board of Directors then used these results to analyze and evaluate the Board’s effectiveness of the Board of Directors.

Note that TIS conducted this effectiveness evaluation based on advice and verification by an external attorney.

2. Actions to address issues identified in the previous fiscal year

In fiscal 2023, TIS took the following actions to address issues identified in the effectiveness evaluation conducted in the previous year.

(1) Further improving the function of the Board of Directors

At multiple meetings, the Board of Directors discussed the state of the Company’s governance with a view to medium- and long-term growth. The main topics discussed included the role and function of the Board of Directors, institutional design, delegation of authority to the executive side, desired skills of Board members,

number and composition of Board members, and succession planning for outside directors. As a result, the Board of Directors has become more oriented toward monitoring with a focus on medium- and long-term discussions. The Board also revised the criteria for submission of proposals to the Board of Directors and delegated authority to the executive side starting in the current fiscal year.

(2) Discussions on improving medium- to long-term corporate value

The Board of Directors identified themes of high importance for improving medium- to long-term corporate value and drafted an annual schedule for addressing those themes. The Board also established a system to ensure that each theme is addressed in a timely and appropriate manner, with particular emphasis on improving the functions of the Board as described above.

3. Results of analysis and evaluation of effectiveness of the Board of Directors

The Board of Directors concluded that a certain degree of effectiveness had been ensured to appropriately supervise the approval of important management matters and business execution, such as the execution status of business activities and investments at the Company and Group companies, through deliberation based on Company regulations. In addition, the Board of Directors concluded that the level of effectiveness continues to trend upward, reflecting improvement measures based on the results of the effectiveness evaluation conducted in the previous fiscal year.

At the same time, management acknowledged the need to improve the quality of discussions in line with the Company's growth and to further focus on medium- to long-term management themes in order to promote more advanced management of the Company.

4. Responses based on analysis and evaluation

In light of the analysis and evaluation previously mentioned, TIS will focus particular efforts on the following.

(1) Improving the quality of discussions

To further enhance and facilitate discussions at Board of Directors' meetings, TIS will continue improving the method of operation, the format of materials used, and the composition of the meeting body.

(2) Focus on medium- to long-term discussions

The Board of Directors will prepare an annual agenda covering management and strategic themes to be discussed regarding the formulation of medium- to long-term strategies and their implementation. Through more active discussion and confirmation of progress, the Board will also engage in activities aimed at enhancing corporate value.

(Supplementary Principle 4-14(2) Training Policy for Directors and Members of the Audit & Supervisory Board)

For directors and members of the Audit & Supervisory Board, including external directors and external members of the Audit & Supervisory Board, the Company will provide and arrange training opportunities that are appropriate for individual directors and members of the Audit & Supervisory Board and will cover the cost of such training. The objective of such training is to provide opportunities to acquire knowledge necessary to the Group's business pursuits, financial affairs and organization and to understand the duties and responsibilities that

directors and members of the Audit & Supervisory Board must fulfill in assuming office, as well as to continuously update these skills and knowledge during terms of office.

(Principle 5-1 Policy for Constructive Dialogue with Shareholders)

TIS actively engages in constructive dialogue with shareholders, in accordance with the Company's investor relations (IR) policy, to support sustainable corporate growth and higher corporate value over the medium to long term. In addition, the Company is working to develop a system to promote constructive dialogue with shareholders. The director responsible for the department that handles IR activities will supervise dialogue with shareholders, and the president and representative director, executive officers assigned to the dialogue process and the IR Department will look into methods to address issues brought up during dialogue opportunities and will respond appropriately. The IR Department is organically integrated into the dialogue structure, sharing information with relevant departments and exchanging opinions as necessary, based on various specialist perspectives, to support dialogue with shareholders.

For shareholders, TIS strives to enhance approaches for dialogue, including one-on-one interviews, responses by telephone, business briefings and small meetings. The Company also takes an active approach toward information disclosure, which is the basis of dialogue, and seeks to enrich the content of its Integrated Report, which is positioned as an effective tool for dialogue.

Opinions brought up in constructive dialogue with capital market participants, including shareholders, investors and securities analysts, will be shared in-house through reports to the Board of Directors and other methods and will be used in reviewing management strategy and other business-related purposes.

In conversations with shareholders, TIS will pay careful attention to fairness in information disclosure and will manage internal information appropriately, in accordance with Rules for Prevention of Insider Trading.

Status of dialogue with shareholders

The status of dialogue with shareholders is disclosed on the "Constructive Dialogue with Shareholders" page of the Company's website.

https://www.tis.com/ir/policy/governance/#anchor_05

(Principle 5-2 Establishing and Disclosing Business Strategies and Business Plans)

TIS discloses content described under this principle in its Medium-Term Management Plan (2021-2023), which runs from April 1, 2021 through March 31, 2024), as well as in its Group Vision.

Management Plan

Actions to ensure management that is conscious of cost of capital and stock price

With OUR PHILOSOPHY (the TIS INTEC Group philosophy) as a firm axis, TIS aims to resolve social issues through its business activities and enhance value exchange with stakeholders by upgrading management to meet

social demands. To this end, we promote sustainability-oriented management aimed at both fostering a sustainable society and continuously increasing corporate value.

Below is our evaluation of the current situation based on the status of recent initiatives and other factors.

- Business profit/profitability

Achieved increases in business profit and profitability amid steady business growth and progress in structural transformation, even while aggressively investing in human resources and other growth investments for the future.

- Capital efficiency

ROE increased due to improved EPS stemming from business growth and financial measures to optimize our capital structure. Also, the equity spread continued to widen while the cost of shareholders' equity based on capital asset pricing model (CAPM) remained at a steady level.

- Market evaluation

Market evaluation has improved significantly thanks to active information disclosure and constructive dialogue, including about ESG issues, to promote understanding and confidence in management and to enhance management sophistication.

TIS will continue practicing management that is conscious of cost of capital and strive to sustainably increase corporate value by consistently generating returns that exceed the cost of capital.

The aforementioned measures to realize management conscious of cost of capital and stock price, etc., are disclosed in “Financial Results for the Fiscal Year Ended March 31, 2023” (page 49) on the Company’s website.

Supplementary Explanation

1. The status of major shareholders shown above is based on the shareholder registry as of March 31, 2023.

2.

In a change report of large-volume holdings report made available to the public on May 20, 2022, FMR LLC held TIS shares in the breakdown provided below, as of May 13, 2022. However, TIS is unable to confirm the actual number of shares held by this company in the shareholder registry, and has therefore not included it in the status of major shareholders above.

FMR LLC Number of shares held: 18,684 thousand, Ratio: 7.44%

Total number of shares held: 18,684 thousand, Ratio: 7.44%

3.

In a change report of large-volume holdings report made available to the public on September 6, 2022, BlackRock Japan Co., Ltd. through seven affiliate companies, held TIS shares in the breakdown provided below, as of August 31, 2022. However, TIS is unable to confirm the actual number of shares held by these affiliate companies, and has therefore not included them in the status of major shareholders shown above.

BlackRock Japan Co., Ltd. Number of shares held: 3,748 thousand, Ratio: 1.49%

BlackRock (Netherlands) BV Number of shares held: 639 thousand, Ratio: 0.25%

BlackRock Fund Managers Limited Number of shares held: 487 thousand, Ratio: 0.19%

BlackRock Asset Management Ireland Limited Number of shares held: 2,382 thousand, Ratio: 0.95%

BlackRock Fund Advisors Number of shares held: 4,243 thousand, Ratio: 1.69%

BlackRock Institutional Trust Company, N.A. Number of shares held: 3,630 thousand, Ratio: 1.45%

BlackRock Investment Management (UK) Limited Number of shares held: 357 thousand, Ratio: 0.14%

Total Number of shares held: 15,489 thousand, Ratio: 6.17%

4. In a change report of large-volume holdings report made available to the public on November 8, 2022, Mitsubishi UFJ Financial Group, Inc., through four affiliate companies, held TIS shares in the breakdown provided below, as of October 31, 2022. However, except for MUFG Bank, TIS is unable to confirm the actual number of shares held by these affiliate companies, and has therefore not included them in the status of major shareholders shown above.

MUFG Bank, Ltd. Number of shares held: 3,474 thousand, Ratio: 1.38%

Mitsubishi UFJ Trust and Banking Corporation Number of shares held: 7,069 thousand, Ratio: 2.81%

Mitsubishi UFJ Kokusai Asset Management Co., Ltd. Number of shares held: 1,721 thousand, Ratio: 0.69%
Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. Number of shares held: 815 thousand, Ratio: 0.32%
Total number of shares held: 13,080 thousand, Ratio: 5.21%

5. Of the above number of shares held, the number of shares in the trust business is as follows:

The Master Trust Bank of Japan, Ltd. 39,587 thousand shares
Custody Bank of Japan, Ltd. 14,702 thousand shares

3. Corporate Attributes

External directors' Relationship with the Company (2)

Name	Designation as Independent Director	Supplementary Explanation of the Relationship	Reasons of Appointment
Koichi Sano	○	—	Mr. Sano worked mainly in the finance and accounting departments, and served as Executive Vice President and Representative Director of Mitsui Chemicals, Inc., and has a wide range of experience and a wealth of expertise in corporate management. Since assuming the office of External Director in June 2016, he has given advice and suggestions from an independent perspective to ensure that the decisions to be made by the Company's Board of Directors will be reasonable and

			<p>appropriate by utilizing these experiences and expertise in the Company's business.</p> <p>Since June 2022, he has acted as Chairperson of the Nomination and Remuneration Committees which are voluntary advisory bodies to the Board of Directors, and fulfils an important role in the deliberation and advice to the Board of Directors on the nomination and remuneration of directors etc. in response to the consultation of the Board of Directors. He is highly expected to be a person who will continue to contribute to the increase in corporate value and enhancement of corporate governance of the Company.</p> <p>Therefore, he was appointed as an External Director. Note that Mr. Sano satisfies the requirements for an external director, as stipulated in the Companies Act, as well as Criteria Concerning Independence of Outside Officers, established by TIS, and management feels there is no chance of any conflict of interest arising between Mr. Sano and ordinary shareholders.</p>
Fumio Tsuchiya	○	—	<p>Mr. Tsuchiya previously worked in an important position in overseas offices and the Corporate Planning Department of Japan Airlines Co., Ltd. ("JAL"). After having assumed the office of Director of JAL in June 2004, he served as Managing Director and was thereafter appointed as President & CEO of JALCard, Inc. in June 2007, which is a group company of JAL. He has a wide range of experience and a wealth of expertise in corporate management.</p> <p>Since assuming the office of External Director of the Company in June 2017, he has given advice and suggestions from an independent perspective by utilizing these experiences and expertise in the Company's business to ensure that the decisions to be made by the Company's Board of Directors will be reasonable and appropriate. He was appointed as an External Director as he is highly expected to be a person who will continue to contribute to the increase in corporate value and enhancement of the corporate governance of the Company.</p> <p>Note that Mr. Tsuchiya satisfies the requirements for an external director, as stipulated in the Companies Act, as well as Criteria Concerning Independence of Outside Officers, established by TIS, and management feels there is no chance of</p>

			any conflict of interest arising between Mr. Tsuchiya and ordinary shareholders.
Naoko Mizukoshi	○	—	<p>Ms. Mizukoshi is a qualified lawyer and has a wealth of professional knowledge of, and experiences in, intellectual property, ICT and international transactions.</p> <p>Since assuming the office of External Director of the Company in June 2018, she has given advice and suggestions from an independent perspective by utilizing these experiences and expertise in the Company's business to ensure that the decisions to be made by the Company's Board of Directors will be reasonable and appropriate. She is highly expected to be a person who will continue to contribute to the increase in corporate value and enhancement of the corporate governance of the Company.</p> <p>She has not participated in corporate management but has expertise in corporate legal works. Therefore, she was appointed as an External Director since she could discharge duly the duties of External Director. Note that Ms. Mizukoshi satisfies the requirements for an external director, as stipulated in the Companies Act, as well as Criteria Concerning Independence of Outside Officers, established by TIS, and management feels there is no chance of any conflict of interest arising between Ms. Mizukoshi and ordinary shareholders.</p>

Supplementary Explanation

1. Method of selecting committee members

Members of the Nomination Committee and the Compensation Committee are selected on the advice of the Nomination Committee, of which the majority of members are independent external directors, and given final approval by the Board of Directors. Candidates for the position of committee chair are mutually agreed upon by the Company's four external officers, with a final decision made by each committee based on the external directors' advice.

2. Role of committee members

(1) Role of members on Nomination Committee

- Provide advice for selecting candidates to the position of director and matters related to the appointment of such individuals

(2) Role of members on Compensation Committee

- Provide advice on matters related to decisions on compensation for directors

3. Status of activities by committees (including frequency of meetings, major topics of discussion, attendance on a member basis)

(1) Nomination Committee

In fiscal 2023, ended March 31, 2023, the committee met four times, provided advice on the appointment and retirement of key individuals, including directors, and presented proposals on changes to director composition, based on the results of the advice given by committee members.

Seeking to engage in consultation with greater transparency, two opinion exchange sessions were held separately from the consultation to share understanding of the purpose of executive appointments and the like, as well as to discuss the direction of such appointments.

The attendance ratio for members of this committee was 100% for everyone.

(2) Compensation Committee

In fiscal 2023, the committee met three times and discussed the appropriateness of the Company's compensation package through a comparative analysis of director compensation amounts at other companies and at TIS, based on the findings of a research company. Proposals were made to the Board of Directors on director compensation, based on the results of the advice given by the committee.

In addition to the consultation, two sessions of exchanging opinions on the theme of the way officers' compensation as an incentive for officers ought to be held to discuss the direction of revising the officers' compensation that will contribute to the improvement of corporate value.

The attendance ratio for members of this committee was 100% for everyone.

(3) Composition of each committee in fiscal 2023 (Term running from Jun 24, 2022 through June 23, 2023)

Koichi Sano (External Director) Chairperson

Fumio Tsuchiya (External Director) Committee Member

Naoko Mizukoshi (External Director) Committee Member

Yukio Ono (External Audit & Supervisory Board Member) Committee Member

Yasushi Okamoto (President) Committee Member

4. Through a resolution by the Board of Directors, the people listed below were appointed to the Nomination Committee and the Compensation Committee, with terms running from June 23, 2023 through to the conclusion of the general meeting of shareholders scheduled to take place in June 2024.

Fumio Tsuchiya (External Director) Chairperson

Koichi Sano (External Director) Committee Member

Naoko Mizukoshi (External Director) Committee Member

Akiko Yamakawa (External Audit & Supervisory Board Member) Committee Member

Yasushi Okamoto (President) Committee Member

5. Status of structure establishment, including administrative office, and scale thereof

An administrative office was established in the office of TIS' Corporate Planning Department, with a staff of two essential personnel who serve concurrently in both offices.

Audit & Supervisory Board Members

Establishment of Audit & Supervisory Board	Established
Maximum Number of Audit & Supervisory Board Members Stipulated in Articles of Incorporation	5
Number of Audit & Supervisory Board Members	5

Cooperation among Audit & Supervisory Board Members, Accounting Auditor and Internal Auditing Department

The Audit & Supervisory Board comprises five auditors (of whom three are outside auditors). Each member of the Audit & Supervisory Board audits the execution of duties by directors in accordance with audit and supervisory policies established by the Audit & Supervisory Board. In addition, members of the Audit & Supervisory Board work closely with the Company's accounting auditor, Ernst & Young ShinNihon LLC, which is under contract to TIS for auditing services, exchanging information and sharing opinions on a regular basis in addition to receiving the annual financial audit plan and a report on the results of financial audits. The Audit & Supervisory Board also receives audit reports from the internal auditing department and exchanges opinions with that department as occasion requires.

Outside Audit & Supervisory Board Members’ Relationship with the Company (2)

Name	Designation as Independent Audit & Supervisory Board Members	Supplementary Explanation of the Relationship	Reasons of Appointment
Yukio Ono	○	—	Mr. Ono is a licensed certified public accountant. His expertise and knowledge in the field of finance and accounting and many years of experience in corporate auditing are beneficial to the Company in strengthening the audit system of the Company. Although he has not participated in corporate management, he was appointed as an external member of the Audit & Supervisory Board, as he is considered to be able to appropriately perform the duties of External Audit & Supervisory Board Member thanks to the above credentials. Note that Mr. Ono satisfies the requirements for an external member of the Audit & Supervisory Board, as stipulated in the Companies Act, as well as Criteria Concerning Independence

			of Outside Officers, established by TIS, and management feels there is no chance of any conflict of interest arising between Mr. Ono and ordinary shareholders.
Akiko Yamakawa	○	—	<p>Ms. Yamakawa is a qualified lawyer. Based on her experience, such as being responsible for litigation at global corporations, she can be expected to provide appropriate monitoring and supervision of the global business execution of the Company. Although she has not participated in corporate management, she was appointed as an external member of the Audit & Supervisory Board, as she is considered to be able to appropriately perform the duties of External Audit & Supervisory Board Member thanks to the above credentials.</p> <p>Note that Ms. Yamakawa satisfies the requirements for an external member of the Audit & Supervisory Board, as stipulated in the Companies Act, as well as Criteria Concerning Independence of Outside Officers, established by TIS, and management feels there is no chance of any conflict of interest arising between Ms. Yamakawa and ordinary shareholders.</p>
Hiroko Kudo	○	—	<p>Ms. Kudo is highly knowledgeable in domestic and international finance and administration and holds a doctorate in public policy. She is also active globally as a university professor and researcher. Although Ms. Kudo has not participated in corporate management, she was appointed as an External Audit & Supervisory Board Member. Because management at TIS felt she would be able to suitably execute the duties of a committee member by drawing on the extensive experience and knowledge she has accumulated to date and thereby help TIS improve the value provided in DX services as a way to address social issues through business activities—highlighted in the TIS INTEC Group’s medium-term management plan—and deepen and expand global operations.</p> <p>Note that Ms. Kudo satisfies the requirements for an external member of the Audit & Supervisory Board, as stipulated in the Companies Act, as well as Criteria Concerning Independence of Outside Officers, established by TIS, and management feels there is no chance of any conflict of interest arising between Ms. Kudo and ordinary shareholders.</p>

Independent Directors/Audit & Supervisory Board Members

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

Details of the policy are described in “Principle 3-1(iii) Board policies and procedures in determining compensation to senior management and directors” under Disclosure Based on the Principles of the Corporate Governance Code of this report.

Support System for External Directors and/or Audit & Supervisory Board Members

TIS provides external directors and external members of the Audit & Supervisory Board with information sufficient to participate in Board of Directors' meetings by ensuring access to explanations on agenda items to be put before the Board of Directors in advance of such meetings, study sessions with external experts, and on-site inspections of the Group's facilities and offices. The Company also promotes efforts to support smooth and active discussion at Board of Directors meetings by creating opportunities for external directors to exchange opinions with the president and by setting up meetings where only external directors and external members of the Audit & Supervisory Board get together to exchange opinions.

Other Matters

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)

In accordance with the Articles of Incorporation, the Company's Board of Directors must comprise at least three and no more than 15 members. It is also Company policy for at least one-third of directors to be independent external directors so as to strengthen the supervisory function of the Board of Directors. Currently, three independent external directors have been appointed to the Board of Directors.

The Board of Directors meets once a month, in principle, and may meet on an ad hoc basis whenever necessary to facilitate swift and flexible decision-making. TIS holds an information meeting once a year to present management direction as well as meetings ahead of Board of Directors' meetings—in principle, twice a month—to give external directors and outside members of the Audit & Supervisory Board sufficient background information to participate in discussions. In addition, the Company organizes study sessions with experts—in-house and external—and arranges visits to local Group facilities and offices. TIS also creates opportunities when external directors can exchange opinions with the president and sets up meetings that involve only external directors and outside members of the Audit & Supervisory Board. This facilitates smooth but vigorous discussion by the Board of Directors.

Also, TIS adopted an executive officer system to accelerate management decision-making and enhance the supervisory function of the Board of Directors. Directors delegate business execution to executive officers, and

these executive officers provide specific instructions and orders to the heads of business units and supervise the execution of activities.

A complementary structure to the above is the Management Committee, which is chaired by the president and representative director. This committee meets twice a month, in principle, to discuss and report on important matters affecting the execution of business activities at TIS and the Group as a whole. Standing members of the Audit & Supervisory Board attend Management Committee meetings.

To ensure an objective and transparent process for determining director appointments and compensation and to reinforce corporate governance, TIS voluntarily established the Nomination Committee and the Compensation Committee as advisory committees to the Board of Directors. Each committee is chaired by an independent outside director, and the majority of members—a number that includes the committee chairman—are independent, external directors.

Note: The Board of Directors decides on matters stipulated by law and the Articles of Incorporation as well as basic matters related to the execution of business activities and supervises the execution of duties by directors and executive officers.

The Board of Directors met 19 times in fiscal 2023, ended March 31, 2023, and focused mainly on status updates on business activities at TIS and at Group companies, approval of key business matters, such as investments, and supervised the execution of day-to-day operations. The attendance record of each director in fiscal 2023 is described below.

Board of Directors

Toru Kuwano 100% (Attended all 19 meetings)

Yasushi Okamoto 100% (Attended all 19 meetings)

Masahiko Adachi 100% (Attended all 19 meetings)

Josaku Yanai 89.5% (Attended 17 out of 19 meetings)

Takayuki Kitaoka 100% (Attended all 19 meetings)

Akira Shinka 100% (Attended all 19 meetings)

Koichi Sano (External Director) 100% (Attended all 19 meetings)

Fumio Tsuchiya (External Director) 100% (Attended all 19 meetings)

Naoko Mizukoshi (External Director) 100% (Attended all 19 meetings)

Audit & Supervisory Board Members

Tetsuya Asano 100% (Attended all 19 meetings)

Tatsufumi Matsuoka 100% (Attended all 19 meetings)

Yukio Ono (External Audit & Supervisory Board Member) 94.7% (Attended 18 out of 19 meetings)

Akiko Yamakawa (External Audit & Supervisory Board Member) 100% (Attended all 19 meetings)

Hiroko Kudo (External Audit & Supervisory Board Member) 100% (Attended all 15 meetings)

Status of internal audits and accounting auditor's audit

The department responsible for internal audits (the Auditing Department) at TIS is staffed by 24 people. This department informs the Board of Directors of the annual plan, following approval by the president, and also performs internal audits independent of business units that execute operations, based on the annual plan, presents the results of each internal audit to the president and regularly reports to the Board of Directors. The Auditing Department also draws up plans for internal audits of the Group as a whole, monitors the status of internal audits at subsidiaries, performs internal audits at subsidiaries that do not have auditing departments and for TIS divisions, offers necessary advice and provides supervision. Complementing these activities, the Auditing Department regularly exchanges information with internal auditing departments at Group companies, sets up information exchange opportunities that involve the department, members of the Audit & Supervisory Board and the independent auditor, and shares information on auditing measures and the results of audits as required.

The Audit & Supervisory Board carries out an audit of the execution of operations by directors, an audit of the internal control systems, an audit of the execution of duties by the accounting auditor, and an audit of the status of compliance and risk management on a recurring basis based on the policies and plan determined at its meeting. In addition, audits were conducted with an emphasis on the progress of the Medium-term Management Plan (Be a Digital Mover 2023) in the second fiscal year, application status of new accounting standard for revenue recognition, the operational status of Group risk management and compliance structure, the status of measures regarding strategies for human resources as a source of growth and the creation of on-the-job skills , and the impact brought by the novel coronavirus (COVID-19), as key audit items in the current fiscal year.

Standing Audit & Supervisory Board Members express their opinions at important meetings, such as Board of Directors meetings and Management Committee meetings, strive to maintain an uncompromised audit environment and gather information within the Company through the inspection of meeting minutes and important approval documents, as well as visits to offices in Japan and overseas to audit, monitor and examine the design and operation of internal control systems on a routine basis. They share information and keep open communication channels with other members, in light of the nature of their position as standing members. Non-standing Audit & Supervisory Board Members attend important meetings, such as Board of Directors meetings, exchange opinions with the representative directors and other senior management personnel and the accounting auditor, and form audit opinions based on their expertise from a neutral and independent perspective.

Starting in the fiscal year in review, each Audit & Supervisory Board member conducts evaluations based on evaluation criteria determined by that Board. Following discussions on the results of those evaluations, they evaluate the effectiveness of the Audit & Supervisory Board. The Board confirms that a certain level of effectiveness is maintained and that the Board is committed to making continuous improvements.

Status of accounting auditor

a. Name of accounting auditor

Ernst & Young ShinNihon LLC

b. Years of continuous service

Since 1985

c. Certified public accountants who performed audits

Certified public accountant Yoshimi Kimura (two years of continuous service)
Certified public accountant Takanori Miyake (five years of continuous service)
Certified public accountant Taro Kuramochi (one year of continuous service)

d. Structure of assistants who help accounting auditors in their duties

Assistants involved in the auditing of TIS' accounts included 12 certified public accountants, three of whom had passed the certified public accountant's exam and 19 others.

e. Accounting auditor selection policy and reasons

When the Audit & Supervisory Board of TIS judges that the accounting auditor should be dismissed or not reappointed because the auditor has difficulties in the execution of their duties or for other reasons, it will table and appropriate agenda item related to the dismissal or non-reappointment of the accounting auditor for approval at the Shareholder Meeting. In addition, when the accounting auditor is deemed to fall under any of the categories as stipulated in the items of Article 340, paragraph 1 of the Companies Act, the accounting auditor will be dismissed with the consent of all Audit & Supervisory Board Members.

The Audit & Supervisory Board has evaluated the accounting auditor, considered the result of its evaluation and other factors, and decided to continuously appoint (reappoint) Ernst & Young ShinNihon LLC as the accounting auditor. '

f. Evaluating performance of accounting auditor by corporate auditors and Audit & Supervisory Board

Corporate auditors and the Audit & Supervisory Board at TIS evaluated the accounting auditor based on our own criteria. In this evaluation, the corporate auditors and the Audit & Supervisory Board received explanations from the accounting auditor and confirmed the status of auditing services and found nothing of particular concern regarding the auditing team, compensation for auditing services, communication with corporate auditors, the relationship with management or Group audits. In addition, TIS looked at the 2022 Transparency Report issued by the accounting auditor on accounting auditor quality control and risk of impropriety and also considered the level of quality control applied to the team assigned to the Company and found nothing of particular concern.

Summary of Content of Liability Agreements

In accordance with Article 427, Paragraph 1 of the Companies Act, each of Audit & Supervisory Board enters into an agreement with the Company that limits legal responsibility for liability compensation as set forth under Article 423, Paragraph 1 of the same law.

The limit of liability compensation, based on these agreements, is an amount provided for in Article 425, Paragraph 1, of the same law.

Overview of the contents of the officers' liability insurance contract

The Company has concluded an officer liability insurance contract as stipulated in Article 430-3, Paragraph 1 of the Companies Act with an insurance company as follows:

a. Scope of the insured

- 1) Directors, audit & supervisory board members and executive officers of the Company and consolidated subsidiaries of the Company
- 2) Executive officers and employees who are dispatched to or concurrently serving at overseas subsidiaries and overseas investment companies of the Company

b. Overview of the contents of the insurance contract

In the event of a claim for damages due to an action (including in-action) by the insured as part of their duties as officers of the company, that falls under (a), damages including compensation for damages and legal expenses to be borne by the insured shall be compensated for under the said insurance agreement. However, damages, etc., incurred by officers themselves who have conducted a criminal act such as bribery and/or intentionally conducted an illegal act are not subject to compensation. This way, measures are taken to ensure that the appropriateness of the execution of duties by officers, etc. is not impaired.

The Company bears the full amount of insurance premiums including the rider portion, and there are no substantial premiums borne by the insured.

3. Reason for Selection of Current Corporate Governance System

TIS is a Company with an Audit & Supervisory Board, a model chosen for its double-check function through which the Board of Directors oversees the execution of business activities and the the Audit & Supervisory Board audits activities to ensure operations are legal and appropriate. In addition, the Company aims to strengthen the supervisory function of the Board of Directors by appointing external directors with industry- and corporate management-related experience and insight and drawing on advice and recommendations from an independent standpoint to ensure the validity and appropriateness of decision-making by the Board of Directors.

III. Status of Implementation of Measures for Shareholders and Other Stakeholders

1. Measures to Vitalize the Annual General Shareholders Meetings and Smooth Exercise of Voting Rights

	Supplementary Explanations
Early Notification of Annual General Meeting of Shareholders	Under the policy of shipping at least 3 weeks before the date of the Annual General Meeting of Shareholders, the convocation notice for the 15th Annual General Meeting of Shareholders, to be held on June 23, 2023, was sent out on June 1, 2023.
Scheduling AGMs Avoid Peak Day	To encourage wider shareholder involvement in Annual General Meeting of Shareholders, TIS chooses a day other than the peak day when most other companies hold their AGMs. The most recent Annual General Meeting of Shareholders was June 23, 2023.
Allowing Electronic Exercise of Voting Rights	TIS adopted an electronic voting system that enables shareholders to exercise their voting rights via the Internet or other online structure using computers, smartphones or other mobile communication devices.
Participation in Electronic Voting Platform	TIS participates in an electronic voting platform for institutional investors operated by ICJ Incorporated.
Providing Convocation Notice in English	The convocation notice for the Annual General Meeting of Shareholders is posted to the corporate website in Japanese and English.
Other	TIS utilizes such access points as its corporate website to disclose pertinent information ahead of convocation notice distribution. Under the policy of announcing about one month before the date of the Annual General Meeting of Shareholders, measures for electronic provision of information for the recent Annual General Meeting of Shareholders was started on May 19, 2023.

	Not only as a precautionary measure to prevent against the spread of COVID-19 but also to give all shareholders greater opportunity to participate and observe the general meeting of shareholders, TIS implemented live distribution (hybrid virtual shareholders' meeting).
--	---

2. Status of IR Activities

	Supplementary Explanations
Preparation and Publication of Disclosure Policy	TIS created its Basic Policy on Information Disclosure, based on its IR policy, and posts to the corporate website. https://www.tis.com/ir/other/policy/
Regular Investor Briefings for Analysts and Institutional Investors	TIS holds performance briefings every quarter (use of a meeting venue for full-year and second-quarter briefings, and teleconferencing for first- and third-quarter briefings).
Posting of IR Materials on Website	TIS uses the IR (investor information) page on the corporate website to post a variety of materials, including financial information, such as financial results, as well as timely disclosure materials other than financial information, the <i>Yuka Shoken Hokokusho</i> (Japanese-language securities report required of listed companies), quarterly reports, briefing materials, the convocation notice for the general meeting of shareholders and notification of resolutions. https://www.tis.com/ir/
Establishment of Department and/or Manager in Charge of IR	The Investor Relations & Shareholder Relations Office is in charge of IR operations, and a manager is assigned to oversee activities on a full-time basis.

3. Measures to Ensure Due Respect for Stakeholders

	Supplementary Explanations
Internal Rules for Respecting the Position of Stakeholders	In each item of its Basic Policy on Corporate Sustainability, TIS specifically notes that it will respect the position of stakeholders.
Environmental Conservation Activities, CSR Activities, etc.	Each Group company engages in proactive initiatives buoyed by a keen awareness of the need to protect the environment and contribute to society. Under our Environmental Vision, Environmental Declaration, and Environmental Action Guidelines, we are working to reduce greenhouse gas emissions from our business activities, including through energy-saving measures and environment-conscious design at our data centers. At the same time, we are promoting climate change responses through our business activities. Regarding social contribution, our business activities are focused on addressing the four social issues we believe we can help resolve, as well as activities targeting three key themes: (1) Supporting future users, (2) Spreading the benefits of digital technology in society, and (3) Reducing the negative impact of digital technology in society. The Group's Sustainability CSR activities are described on its corporate website. https://www.tis.com/group/sustainability/
Policies on Providing Information to Stakeholders	TIS's Basic Policy on Information Disclosure, established as part of its IR Policy, emphasizes timely and accurate disclosure of information. This means not only important corporate information but also information that management feels will deepen stakeholders' understanding of TIS and the TIS INTEC Group, from the perspective of maintaining transparency.
Other	We will propel a human resource strategy focusing on diversification and advancement of individuals in order to continuously enhance the value exchange between the employees and the company. We will work to improve employees' engagement by developing an environment and organizational culture in which diverse individuals can play an active role, promoting next-generation work style reform in anticipation of a new work environment and

	<p>advancing human resource portfolio management through digitalization of the human resource database among others. Also, we strive to strategically secure and develop highly sophisticated personnel human resources in such areas as consulting, global and service business, and promote their optimal placement.</p> <p>We have proactively made upfront investments in human resources regarding human resources as the most important management capital for a long time. In the human resource strategy in the current medium-term management plan, we have been making human resource investments to increase employees' engagement with three axes of "meaning of work," "work environment" and "remuneration," and will further propel reforms of "meaning of work" and "remuneration" through the new personnel system to be implemented in April 2023. In the new personnel system, the remuneration, evaluation and grading systems have been completely renewed. We will strive to further grow our company by creating a virtuous cycle of high added value for the company, employees and society and secure excellent domestic and overseas human resources who will realize growth.</p>
--	---

IV. Matters Related to Internal Control Systems

1. Basic Views on Internal Control System and the Progress of System Development

Basic Views on Internal Control System

In accordance with the Companies Act and associated enforcement provisions, TIS adheres to a system—the internal control system—as described below to ensure that the services provided by the Company and the corporate group to which the Company and its subsidiaries belong—"the Group" or "Group companies"—are fair, and in line with the content of the resolution to follow this system. The Company has formulated rules, established the necessary departments, implemented plans and policies, and has otherwise prepared a system to ensure a sound management structure. Of note, TIS handles business administration for Group companies that are under its direct control through group management and operating agreements signed with these companies. In principle, other Group companies, where TIS does not have direct control, handled their own business administration.

1. System to Ensure that the Execution of Duties by Directors and Employees of Group Companies Conforms to Laws and Regulations as well as the Articles of Incorporation

- (1) To ensure the execution of duties by directors and employees of Group companies conforms to laws and regulations and the Articles of Incorporation, TIS will establish a Basic Policy on Corporate Sustainability. It is the job of the representative director to ensure this policy is rolled out effectively to directors and employees throughout the Group and to make it abundantly clear that all corporate activity is conditioned upon respect for laws and regulations and social ethics.
- (2) Directors and employees of Group companies will follow rules pertaining to the organization, division of duties and designated authority in executing their respective duties.
- (3) TIS will appoint a director responsible for compliance who will coordinate compliance practices on a groupwide basis. The Company will also establish a compliance control department, build a compliance structure that cuts across the Group, identify problem points and make efforts to guide, educate and train directors and employees to effectively uphold compliance standards.
- (4) TIS will maintain an internal reporting system that enables directors and employees at Group companies to report directly to a designated contact point any behavior that may violate compliance standards.

- (5) Individuals using the internal reporting system will not be treated unfairly (put at a disadvantage) on the basis of such action. In addition, necessary measures will be enforced to protect individuals who have made reports.
- (6) Management believes that measures to prevent relationships with antisocial forces are absolutely imperative, in terms of corporate social responsibility and also as a corporate defense strategy, emphasizes a groupwide uncompromising attitude toward antisocial forces, and declares that no association whatsoever will be tolerated with such individuals or groups.
- (7) TIS will put in writing that no relationships with antisocial forces are to be tolerated. In addition, the Company will, through the compliance control department, collect information and always be on the lookout for relationships that could involve antisocial forces, and will also maintain a structure underpinned by close cooperation with lawyers and agencies, such as the police, to facilitate appropriate courses of action when required.

2. System for Storing Information Related to the Execution of Duties by Directors

TIS will properly store and maintain the minutes of Board of Directors' meetings as well as authorization documents and other important information pertaining to the execution of duties by directors of the Company, in accordance with laws and regulations for document management.

3. Regulations and Other Systems for Limiting Loss Exposure

- (1) TIS will duly recognize Group risk and establish Rules for Risk Management aimed at preventing the occurrence of loss. In accordance with these rules, the Company will appoint a director responsible for risk management who will coordinate risk management activities for the Group and will also set up a risk management supervision division and promote the establishment of a risk management structure.
- (2) TIS will formulate a groupwide risk management policy and take steps to verify the status of measures to control risk on a regular basis.
- (3) TIS will set up a task force in the event a major risk appears at a Group company and will devise appropriate measures to minimize loss if the risk manifests into loss.

4. System to Ensure Efficient Execution of Duties by Directors at Group Companies

- (1) The Board of Directors at TIS will decide on matters stipulated by law and provided for under Rules for the Board of Directors as well as important matters related to business, and will monitor the status of operations executed by directors responsible for those business activities.
- (2) TIS will introduce an executive officer system to realize fast and highly efficient corporate management.
- (3) To support efficient Board of Directors' meetings, TIS will establish a management committee that will discuss important matters related to the execution of business by TIS and Group companies and undertake duties within the scope of authority delegated by the Board of Directors.

5. System to Ensure Appropriate Operations at Group Companies

- (1) To support accurate and effective management practices throughout the Group while respecting the independence of subsidiaries to run their own operations, TIS established Our Philosophy—a management

philosophy for the TIS INTEC Group—, Basic Rules for Internal Control Management and Management Rules for the Group. Subsidiaries, too, are required to uphold the philosophy and rules, with efforts directed toward achieving consistency in outlook and the environment for internal controls across the Group.

- (2) TIS will send directors and members of the Audit & Supervisory Board to subsidiaries, as necessary, to strengthen governance of the Group as a whole, and will monitor management practices at subsidiaries.
- (3) TIS will appoint a director responsible for coordinating internal control measures on a groupwide basis and will also set up an internal control supervision department, put in place an internal control structure that cuts across the Group to identify problem points. The Company established the Group Internal Control Committee, which has the internal control supervision department as its secretariat, to evaluate and discuss important matters from an internal control perspective, including compliance, risk management and information security, and then report its conclusions to the Board of Directors.
- (4) The department responsible for internal audits at TIS will implement internal audits in each division of the Company, and will also implement or coordinate audits at subsidiaries and monitor the status of internal control practices established by subsidiaries in line with the standard set by TIS. It will offer guidance, when necessary, to ensure that internal control mechanisms are functioning properly.

6. Matters Relating to Employees Who Are Asked to Assist Audit & Supervisory Board Members with Auditing Duties

When deemed necessary by members of the Audit & Supervisory Board, employees with the skills and know-how required by these members of the Audit & Supervisory Board will be assigned to assist in the execution of auditing duties.

7. Matters Relating to Independence from Directors of Employees Assisting Audit & Supervisory Board Members

- (1) To ensure that employees asked to help members of the Audit & Supervisory Board execute their auditing duties retain independence from possible director influence, they will not take instructions or orders from directors when executing said duties.
- (2) Transfers, personnel evaluations and disciplinary action affecting employees asked to assist members of the Audit & Supervisory Board will require prior approval from members of the Audit & Supervisory Board.
- (3) Employees asked to assist members of the Audit & Supervisory Board will have the authority to engage in duties made at the request of members of the Audit & Supervisory Board as well as those incidental to the execution of audits, and will be able to collect information necessary to accomplish their tasks.

8. System for Directors and Employees of Group Companies to Report to TIS' Audit & Supervisory Board Members, and Other Systems for Reporting to the Company's Audit & Supervisory Board

- (1) Directors and employees at Group companies will provide reports to members of the Company's Audit & Supervisory Board regarding management practices, operations, finances, compliance, risk management and the status of internal audits on a regular basis, mainly through the committee meeting structure that runs laterally through the Group, to facilitate information sharing and discussion on issues and solutions as well as to confirm business direction. In addition, directors and employees at Group companies will inform members

of the Company's Audit & Supervisory Board immediately should facts be discovered that indicate a potentially serious violation of laws or internal rules or might lead to a material loss.

- (2) TIS will not treat unfairly (put at a disadvantage) any director or employee at a Group company who has reported a concern to members of the Company's Audit & Supervisory Board on the basis of such action.
- (3) The compliance control department will report to members of the Company's Audit & Supervisory Board on a regular basis regarding the operating status of the internal reporting system as well as important information and matters requiring consultation.
- (4) Directors and employees at Group companies will offer explanations on matters pertaining to the execution of business activities whenever requested to do so by members of the Company's Audit & Supervisory Board.

9. System for Ensuring that Other Audits by Audit & Supervisory Board Members Are Effective

- (1) Members of the Company's Audit & Supervisory Board will attend meetings of the Company's Board of Directors as well as those of the Management Committee and other key structures, and may express opinions at any of these meetings.
- (2) The representative director at TIS, the accounting auditor and the internal auditing department meet separately with the Company's Audit & Supervisory Board on a regular basis to exchange opinions.
- (3) TIS will engage experts, including lawyers and certified public accountants, as necessary, when required by the Audit & Supervisory Board and will ensure opportunities to access advice related to auditing duties.

Status of Internal Control System Operations

1. Status of compliance efforts

(1) TIS distributes the Group Code of Conduct Handbook to all directors and employees in the Group. This handbook covers the Group Compliance Declaration and the Group Code of Conduct. The Company constantly strives to instill a thorough understanding of compliance issues and practices, implements training programs and awareness activities, and seeks to improve the effectiveness of learning opportunities.

TIS conducts a compliance awareness survey on an annual basis, pinpoints how well compliance practices have been embraced, and effectively works to improve the status of issues that require attention. The internal reporting (whistleblower) system is consistent across the Group. In addition, the Company lists helplines in the Group Code of Conduct Handbook and takes steps to promote awareness of these contact points and to put them to effective use.

(2) TIS held the Group Internal Control Committee to identify compliance-related problems, discuss responses, help directors and employees see the importance of compliance practices, and look into the content of internal reports and offer advice on corrective measures. In addition, the committee checks on the progress of specific approaches, such as steps to improve the accuracy of working hour management within the Group, efforts to promote education about issues such as harassment, and efforts to establish compliance systems at overseas subsidiaries.

2. Status of efforts to ensure appropriate and effective execution of business operations

(1) In principle, the Board of Directors convenes regularly once a month and also meets at other times as necessary.

Directors strive to achieve swift and dynamic decision-making.

(2) An executive officer system was introduced to expedite management decisions by the Board of Directors and strengthen the Board's supervisory function. Directors delegate the execution of business to executive officers, and the executive officers who accept these duties provide specific instructions and orders to and supervision of each associated department manager.

(3) The Management Committee, which comprises full-time directors and executive officers, meets twice a month to discuss important issues related to the overall execution of business by TIS and by the Group as a whole. Note that full-time corporate auditors may sit in on meetings of the Management Committee.

(4) External directors and external corporate auditors, with knowledge and experience essential to appropriate business operations, are appointed to enhance the supervision and monitoring capabilities of the Board of Directors and members of the Audit & Supervisory Board.

3. Status of efforts to control the risk of loss

(1) TIS classifies risks facing the Company and the Group under hazard risk, operational risk, financial risk and strategic risk, according to Rules for Risk Management, and has systems in place for risk management and accountability in the event of a crisis.

(2) TIS shares its "Detailed Rules for Responding to a Crisis" and has created a system to enable the swift establishment of a chain of responsibility when a crisis is forecast.

(3) TIS shares risk evaluation indicators and management formats to facilitate identification of risks facing the Company and the Group and to underpin measures to reduce risks. In addition, the Group Internal Control Committee formulates risk management policy for the Group as a whole and verifies the implementation status of measures to control risk.

(4) TIS identifies the impact brought by COVID-19 as a major risk and set up a groupwide disaster countermeasure task force. The Company grasps the status of itself and the entire Group as well as continuously reviews the system and other matters for business continuity.

4. Status of efforts to ensure appropriate operations by the Group

(1) TIS undertakes management of Group companies using an approval and reporting system, in accordance with Management Rules for the Group. For the implementation status of key strategies at Group companies and respective business results, TIS holds quarterly Group business meetings and monitors progress of strategy implementation.

(2) Under the Basic Rules for Internal Control Management, we hold the Group Internal Control Committee regularly to grasp the responding status to incidents on a groupwide basis, and evaluate and confirm the internal control activities.

5. Ensuring effective audits by corporate auditors

(1) The Audit & Supervisory Board prepares an annual auditing report and, based on this report, exchanges opinions with the representative director on issues that come to light during the audit and recommendations for improvement.

(2) Members of the Audit & Supervisory Board attend important meetings related to the execution of business

operations, including those of the Board of Directors and the Management Committee. A structure is in place that facilitates routine exchange of opinions with directors and executive officers. In addition, members of the Audit & Supervisory Board share and identify issues affecting operations as well as situations with the potential to have a serious impact on the Group. The Audit & Supervisory Board strives to improve the effectiveness of its audits by holding interviews with the president and by reading through pertinent documents.

(3) The Audit & Supervisory Board knows the status of activities performed by the accounting auditor through notifications, opinion exchange, updates on the auditing process and auditor reports on quarterly financial statements. The Board also assesses activities based on evaluation criteria that the Board itself has established.

(4) Audit & Supervisory Board members evaluate the effectiveness of that Board and confirm that a certain level of effectiveness is maintained and that the Board is committed to making continuous improvements.

(5) Members of the Audit & Supervisory Board exchange opinions and information on a regular basis with counterparts at subsidiaries and perform audits at those offices.

(6) Auditing staff (one person in full-time service) is assigned to raise the effectiveness of audits by members of the Audit & Supervisory Board and to ensure smooth execution of auditing duties. Note that auditing staff will only take duty-related instructions and orders from members of the Audit & Supervisory Board, and any personnel matters affecting such staff require prior approval from members of the Audit & Supervisory Board.

6. Internal audits

(1) The internal auditing department performs audits of Company departments and Group companies that do not have their own internal auditing department, based on internal auditing plans. In addition, the internal auditing department offers advice, as necessary, based on the results of an audit and conducts follow-up checks to determine the implementation status of improvement plans.

(2) The internal auditing department seeks to elevate the quality of its audits through information exchange with counterpart departments at Group companies.

4. Basic Views on Eliminating Antisocial Forces and Status of Policy Implementation

Basic views on eliminating antisocial forces

Management believes that measures to prevent relationships with antisocial forces are absolutely imperative, in terms of corporate social responsibility and also as a corporate defense strategy, emphasizes an uncompromising attitude toward anti-social forces that runs through the Group, and declares that no association whatsoever will be tolerated with such individuals or groups.

Status of efforts to eliminate antisocial forces

TIS puts in writing that no relationships with antisocial forces are to be tolerated. In addition, the Company will, through the compliance control department, collect information and always be on the lookout for relationships that could involve antisocial forces, and will also maintain a structure underpinned by close cooperation with lawyers and agencies, such as the police, to facilitate appropriate courses of action when required.

V. Other

1. Adoption of Anti-Takeover Measures

Adoption of Anti-Takeover Measures	Not Adopted

Supplementary Explanation

2. Other Matters Concerning the Corporate Governance System

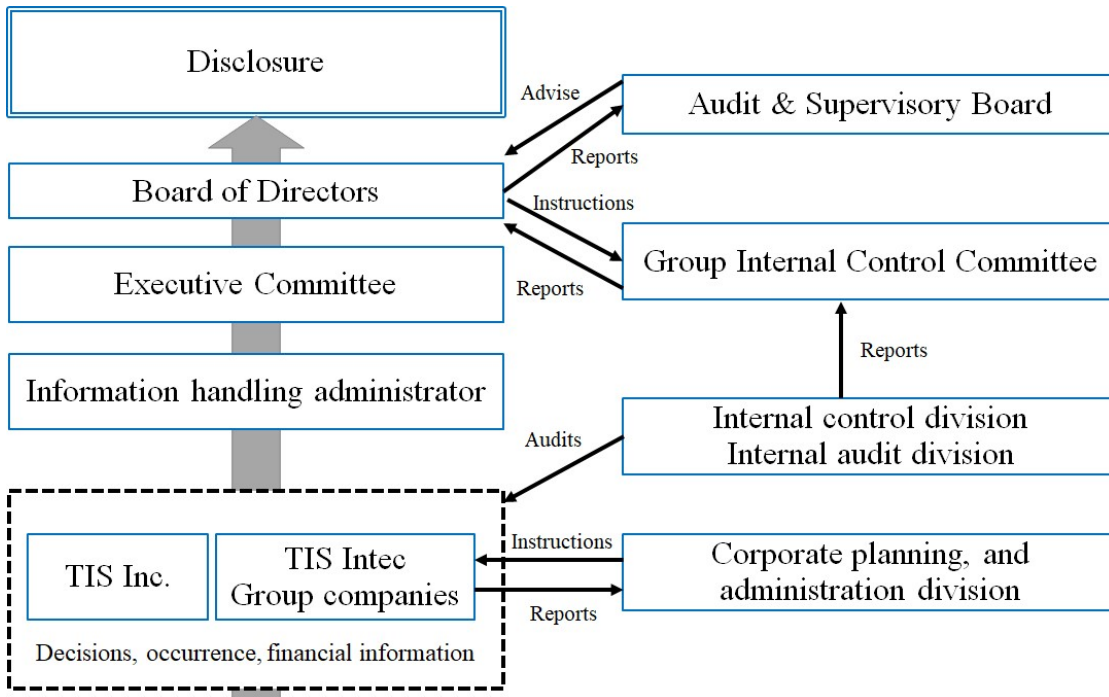

From the perspective of maintaining transparency through proactive information disclosure, TIS provides information in compliance with Securities Listing Regulations of the Tokyo Stock Exchange and the Financial Instruments and Exchange Act as well as important information, particularly information on decisions, events and business results, that may influence investment decisions. In addition, TIS voluntarily discloses information beyond that which is required and to the greatest extent possible if management feels such information will promote deeper understanding of TIS and the TIS INTEC Group.

The internal system for timely disclosure of corporate information is shown as reference material on the next page.
